Egypt | Available immediately | Open to relocation: GCC & Egypt

(+20) 120 068 3213 | amr.m.elkfafy@gmail.com | linkedin.com/in/amr-elkfafy-b308b0260

PROFESSIONAL SUMMARY

IT Manager with 6 years of IT experience, including 3+ years in hotel and resort IT at 5-star properties. Led IT for a 435-key hotel, restructuring its full network and server infrastructure, and headed IT for a 5-star resort pre-opening from design through go-live. Hands-on with Fortinet, Aruba, Cisco, Windows Server/Active Directory, VMware ESXi, and Veeam, and with hotel systems including OPERA PMS, MICROS/Simphony POS, HSIA, IPTV, and VoIP. Applies ITIL-aligned service management and ISO 27001-aligned controls.

CORE SKILLS

- **IT Operations & Service Management:** Service Delivery; Incident Management; Problem Management; Change Management; Root Cause Analysis; SLA Management; IT Asset Management; Audit Support
- **Project Delivery & Pre-Opening:** HLD/LLD; BoQ; Vendor Selection; Implementation and Commissioning; Go-Live Readiness; Operational Handover
- **Leadership & Budget:** Team Leadership; Vendor Management; CAPEX/OPEX Planning; Budget Control
- **Networking & Security:** Fortinet FortiGate; Sophos XG; pfSense; Aruba; Cisco Switching; VLAN Segmentation; Firewall Policy Management; ISO 27001-aligned controls
- **Infrastructure:** Windows Server 2012/2016/2019; Active Directory, DNS, DHCP; VMware ESXi; Veeam Backup; QNAP NAS; Backup and Restore Testing; DR Readiness
- **Hospitality & ELV Systems:** Oracle OPERA PMS; MICROS/Simphony POS; HSIA (Nomadix, IAC BOX); IPTV; VoIP (Avaya, Cisco); Door Locks (Salto, VingCard); CCTV; Access Control; GRMS
- **Additional Knowledge (self-study):** Microsoft 365; Azure AD; Jira Service Management; CMDB; PCI DSS; Monitoring tools (PRTG, SolarWinds, Zabbix)

PROFESSIONAL EXPERIENCE

IT Manager **Jul 2025 – Sep 2026**

Tolip Hotel Olympic International City – Cairo, Egypt

- Led 24/7 IT operations for a 435-key hotel with 140 users, managing an IT team of 3 and advising executive management on technology priorities.
- Led a full restructuring of the hotel's network and server infrastructure at an operating property, designing and deploying a secure, segmented network on FortiGate 201F and Aruba 7240/8325.
- Implemented guest-facing platforms: Nomadix gateway, Avaya IP telephony, IPTV, and IDEMIA access control.
- Integrated and optimized OPERA PMS, MICROS/Simphony POS, Finance/ERP, and Inventory/Material Control across departments.
- Ran incident triage, major incident coordination, and root cause analysis using ITIL-based practices.
- Owned CAPEX/OPEX planning, procurement coordination, and vendor negotiations.
- Applied ISO 27001-aligned controls across access reviews, firewall rules, patch and endpoint hardening, and backup/restore testing; supported bi-annual audits.

Assistant IT Manager (Acting IT Head) – Pre-Opening **Nov 2024 – May 2025**

Tawila Island Resort (5-star private-island resort, 31 bungalows) – Red Sea, Egypt

- Headed the resort's IT function through pre-opening as the senior IT lead on site, managing a team of 2 on a remote private island served by a microwave internet link.
- Delivered the end-to-end pre-opening IT scope (HLD/LLD, BoQ, vendor selection, implementation, commissioning, go-live readiness) across network, virtualization, cybersecurity, and DR.
- Managed FortiGate 601E and Cisco switching/controller configurations through go-live ramp-up.

- Configured VMware ESXi, Veeam Backup, and QNAP NAS, and validated recovery readiness through restore testing.
- Led cybersecurity framework deployment following risk assessments.
- Implemented and integrated OPERA PMS, MICROS/Simphony POS, Smart-HR, and IPTV, and installed Cisco VoIP for opening.
- Oversaw low-voltage systems: Pelco CCTV, fire alarm, TOA PA, GRMS, and Salto locks.

Assistant IT Manager **Nov 2023 – Nov 2024**

Reef Oasis Beach Resort and SENTIDO Reef Oasis Senses Resort (5-star, two adjoining resorts, 900+ rooms) – Sharm El Sheikh, Egypt

- Managed Windows Server environments (2012/2016/2019), including Active Directory, DNS, and DHCP, for 200+ staff users; supported legacy systems where required.
- Configured Sophos XG 135 firewall policies to tighten external access controls.
- Led network enhancements using Aruba controllers, Cisco switches, and VLANs to support peak-season demand.
- Implemented surveillance infrastructure (Hikvision, Tiandy) and guest Wi-Fi on IAC BOX, supporting 300+ devices daily.
- Oversaw OPERA PMS, SUN, and Material Control, supporting interdepartmental data flow.
- Maintained MICROS POS and VingCard smart lock systems.

IT Senior Supervisor **May 2023 – Nov 2023**

Gemma Resort (5-star, 313 rooms) – Marsa Alam, Egypt

- Led the Windows Server and Active Directory environment and email services (cPanel, Outlook) for 100+ users.
- Delivered a segmented VLAN network (Omada Controller) separating guest and admin zones.
- Implemented IAC BOX bandwidth management to control internet usage.
- Deployed CCTV (Hikvision, UNV) with 24/7 monitoring.
- Installed and organized network racks and SFP modules to support a scalable network topology.

IT Supervisor **Jul 2022 – Apr 2023**

Osoul Soft Company – Alexandria, Egypt

- Deployed and maintained a pfSense firewall with 30+ segmentation and filtering rules.
- Delivered end-to-end IT support and implementations for clients.
- Implemented multi-site CCTV (Hikvision, Dahua) with remote access.

IT Support Specialist **Sep 2020 – Jul 2022**

Ragab Farms (Nobaria Agricultural Development Co.) – Beheira, Egypt

- Supported operating systems and Zebra barcode printing across 3 departments.
- Integrated biometric attendance with HR databases.
- Maintained 50+ devices.

EDUCATION

Bachelor's Degree in Management Information Systems **Graduated May 2020**

Abu Qir Higher Institutes, Alexandria, Egypt
